- **Specialization:**
  - Two full 30 ECTS specializations (spec 1 & spec 2)

- **Elective:**
  - Remaining mandatory courses not included in bachelor program,
  - (Part of) a 3rd 30 ECTS specialization,
  - Elective cs-courses (see later)
  - (Part of ) a coherent 30 ECTS supplementary subject such as math, computer technology, digital design/informationsvidenskab (Arts), ideally supporting specialisations

- **Thesis:**
  - Written within the area of spec 1 or spec 2
## Structure of Master’s Programme: Ex 1

Master’s Degree Programme

- Important choices
- Structure of the Master’s Degree Programme
- **Specialization columns**
- Elective courses
- Requirements for the study programme
- Admission
- Practical information
What is a specialization column?

- 30 ECTS courses within a subdiscipline of computer science
- Gives the basis for writing a thesis

- Flexibility:
  - Up to 10 ECTS of the 30 ECTS may be replaced by a course from another specialization or a project work

- The following slides have current offerings
  - Depends on current research groups

- You choose based on
  - Interest
  - Career dreams
## Current specializations

<table>
<thead>
<tr>
<th>Semester (Fall)</th>
<th>Spec 1</th>
<th>Spec 2</th>
<th>Spec 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st Sem</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>2nd Sem (Spring)</td>
<td>Spec 1</td>
<td>Spec 2</td>
<td>Spec 3</td>
</tr>
<tr>
<td>3rd Sem (Fall)</td>
<td>Spec 1</td>
<td>Spec 2</td>
<td>Spec 3</td>
</tr>
<tr>
<td>4th Sem (Spring)</td>
<td>Spec 1</td>
<td>Spec 2</td>
<td>Thesis</td>
</tr>
</tbody>
</table>

Specializations columns:

- **Algorithmics**
  - Algo 1
  - Algo 2
  - Algo 3

- **Data-Intensive Systems**
  - Data 1
  - Data 2
  - Data 3

- **Cryptology**
  - Crypto 1
  - Crypto 2
  - Crypto 3

- **HCI**
  - HCI 1
  - HCI 2
  - HCI 3

- **Programming Languages**
  - Prog 1
  - Prog 2
  - Prog 3

- **Ubiquitous computing and Interaction**
  - UBI 1
  - UBI 2
  - UBI 3

- **Bioinformatics (3 specializations)**
  - Bioinf 1
  - Bioinf 2
  - Bioinf 3
Algorithmics

<table>
<thead>

For more info about the Master's program in bioinformatics, see [http://www.birc.au.dk/Studies](http://www.birc.au.dk/Studies)
Master’s Degree Programme

- Important choices
- Structure of the Master’s Degree Programme
- Specialization columns
- Elective courses
- Requirements for the study programme
- Admission
- Practical information
Elective Courses (apart from specializations)

- **Fall**
  - Interdisciplinary Digital Entrepreneurship (10 ECTS)
  - Machine Learning (10 ECTS) *(bachelor course)*

- **Fall & Spring:**
  - Project work in Computer Science (5 or 10 ECTS)
  - Erhvervsprojekt / Vocational Training Project (10 ECTS)
    - Collaboration with a company
    - [https://studerende.au.dk/studier/fagportaler/datalogi/projektsamarbejde/](https://studerende.au.dk/studier/fagportaler/datalogi/projektsamarbejde/)
    - [https://studerende.au.dk/studier/fagportaler/datalogi/projektsamarbejde/cs-project-bank/](https://studerende.au.dk/studier/fagportaler/datalogi/projektsamarbejde/cs-project-bank/)

Courses aimed at teaching CS in high school:

- **Spring:**
  - Matematikdidaktik / Mathematics Education (5 ECTS)

- **Fall & Spring:**
  - Praktik som gymnasielærer / Placement at Upper Secondary School (5 ECTS)
Elective courses (external)

- **Courses at AU:**
  - Mathematics
  - Technology
  - Digital Design and Information Studies (Arts)

- **Courses outside AU**
  - Exchange semester abroad (30 ECTS)
  - Summer school abroad (5-10 ECTS)

If you fail an exam in an elective course, then that course has become **mandatory**! If you have made an erroneous choice of an elective course please contact us for guidance immediately!
Elective courses (Mathematics)

- **Fall**
  - Perspectives in Mathematics (10 ECTS)
    - Introductory algebra – sufficient for basic use in computer science
  - Algebra (10 ECTS)
    - Abstract algebra – relevant for more advanced study of Cryptology and advanced Programming Languages (Category Theory)
    - It is possible to take Perspectives in Mathematics and later take Algebra in addition
  - Mathematical Analysis 1 (10 ECTS)
    - Graph Theory 2 (10 ECTS) (not every year)

- **Spring**
  - Mathematical Statistics (10 ECTS)
  - Mathematical Analysis 2 (10 ECTS)
    - Mixed Integer Optimization (10 ECTS) (not every year)
    - Advanced Convex Optimization (10 ECTS) (not every year)
Elective courses (ENG)

- **Fall**
  - Optimization and Data Analytics (10 ECTS)
  - Embedded Real Time Systems (10 ECTS)
  - Modelling of Critical Systems (5 ECTS)
  - Internet of Things Technology (10 ECTS)

- **Spring**
  - System Engineering (5 ECTS)
  - Wireless Sensor Networks (5 ECTS)
  - Decision Support Systems (5 ECTS)
  - Distributed and Pervasive Systems (10 ECTS)
  - Computer Vision and Machine Learning (10 ECTS)
  - Modelling and Verification (10 ECTS)

- Worried about prerequisites for engineering courses?
  - Check course catalogue
  - Contact course responsible, or
  - Contact programme responsible Qi Zhang qz@eng.au.dk
Elective courses (Digital Design and Information Studies)

- **Fall**
  - Audio Visuality (10 ECTS)
  - Digital Aesthetics (15 ECTS)
  - Digital Culture (10 ECTS)

- **Spring**
  - Sound and Interaction (10 ECTS)
  - Computer Game Theory (15 ECTS)
  - 3D interaction (15 ECTS)

- **Summer**
  - Game.Play.Design (10 ECTS)
Study abroad (30 ECTS semester)

- General information (destinations, deadlines, procedures, etc)
  - http://studerende.au.dk/studier/fagportaler/datalogi/udlandsophold/

- Study Abroad Fair 3 October 2019:
  - http://studerende.au.dk/au-study-abroad-fair/

- Application Deadline: 1 December 2019

- Selected destinations (with programmes taught in English)

<table>
<thead>
<tr>
<th>University</th>
<th>Programme</th>
</tr>
</thead>
<tbody>
<tr>
<td>Technische Universität München</td>
<td>CS; courses</td>
</tr>
<tr>
<td>Radboud University Nijmegen</td>
<td>CS; courses</td>
</tr>
<tr>
<td>Uppsala Universitet</td>
<td>CS; courses</td>
</tr>
<tr>
<td>University of Helsinki</td>
<td>CS; courses</td>
</tr>
<tr>
<td>Technische Universität Wien</td>
<td>Logic and Computation; courses</td>
</tr>
</tbody>
</table>
Study abroad (30 ECTS semester)

- Selected destinations (with programmes taught in English)
  - University of California *(several campuses)*
  - UC Berkeley
    - Programme/courses: **CS**
    - Semester system
    - 30 ECTS requires 15 undergraduate credits or 12 graduate credits

Will be updated before next deadline 1 december 2020
Study abroad (30 ECTS semester)

- Credit transfer /course selection
  - Select potential universities based on course offerings [http://scitech.studyabroad.au.dk/](http://scitech.studyabroad.au.dk/).
  - Apply for exchange through AU GO (opens for application approx 1 week before deadline) [http://scitech.studyabroad.au.dk/](http://scitech.studyabroad.au.dk/).
  - When you have been admitted for exchange at specific university you need **advance approval of courses**.
  - If foreign university allows less than 30 ECTS then top up with summer courses or project work.
  - Update Master’s contract /book an interview.
  - Contact Gudmund Frandsen, Nygaard 275, gudmund@cs.au.dk

- Other aspects?
  - Contact Mette Glerup Thomsen, ST international coordinator, [http://studerende.au.dk/studier/fagportaler/datalogi/udlandsophold/kontakt/](http://studerende.au.dk/studier/fagportaler/datalogi/udlandsophold/kontakt/)
Study abroad (Summer school)

- General information (destinations, deadlines, procedures, etc)
  - https://studerende.au.dk/en/studies/subject-portals/computer-science/study-abroad/other-study-abroad-possibilities/summer-courses/
- Application Deadline: 15 March 2020
## International full degree students:

Master’s Degree Programme

- Important choices
- Structure of the Master’s Degree Programme
- Specialization columns
- Elective courses
- Requirements for the study programme
- Admission
- Practical information
Requirements for the Study Programme

- 120 ECTS in total
  - At least 90 ECTS graduate level computer science
  - At least 180 ECTS computer science in bachelor’s + master’s

- Mandatory courses:
  - Mandatory courses are determined at admission (usually courses missing in bachelor program)

- Specialization columns
  - At least 2 specialization columns of 30 ECTS each
  - A single specialization column suffices when the programme includes study abroad

- Thesis (30 ECTS)
Yellow Brick Requirement

- All Programmes (Bachelor or Master’s) must include 60 ECTS passed at Natural Science, Aarhus University

- This has implications for credit transfer!
Master’s Degree Programme

- Important choices
- Structure of the Master’s Degree Programme
- Specialization columns
- Elective courses
- Requirements for the study programme
- Admission
- Practical information
Admission

- When bachelor completed
- You apply for admission into Master’s Programme
  - Deadline 1 March
- ... or apply for admission into PhD studies
- Admission
  - You must actively apply for admission
  - You must actively apply for SU
  - Making a study programme (contract) does not suffice
- https://kandidat.au.dk/optagelse/ansoegning/
Temporary Admission

- If you lack $X < 30$ ECTS in your bachelor, you may for a 6 months period take $30 - X$ ECTS courses to be part of your future Master’s Programme.
- No temporary admission if you still lack a mandatory course and you have failed it twice!
- Never delay (re)examination in a mandatory course!
- This might have SU-related consequences!

Apply for PhD studies!
- For deadlines see http://talent.au.dk/phd/scienceandtechnology/opencalls/
- You receive a salary while studying!
- http://talent.au.dk/phd/scienceandtechnology/programmes/computer-science/
- Apply for PhD studies directly following your bachelor studies, during your Master’s studies or following your Master’s degree. (Why not apply early?)
- Contact Anders Møller for info http://pure.au.dk/portal/en/amoeller@cs.au.dk
Master’s Degree Programme

- Important choices
- Structure of the Master’s Degree Programme
- Specialization columns
- Elective courses
- Requirements for the study programme
- Admission

**Practical information**
- Contracts
- Signing up for courses
- “Fremdriftsreform”
- Student Guidance
Contracts

- [Link](http://kontrakt.nattech.au.dk/)

**Master’s Contract:**
- Complete before signing up for first course in Master’s Programme
  - Also in case of temporary admission
  - You may only sign up for courses mentioned in your contract
- Revise at semiannual interviews in April and October
  - [Link](http://www.cs.au.dk/~gudmund/interview.html)

**Project Work Contract:**
- In addition to signing up for a project work / vocational training project (erhvervsprojekt) you must also make a contract

**Thesis Contract:**
- Fill out at start of thesis work
Signing up for courses

- Sign up:
  - January 15 – April 1 for courses in Summer
  - May 1-5 for courses in (Summer &) Fall
  - November 1-5 for courses in the Spring
  - Advance approval of credit transfer is needed for courses from outside Nat-Tech,
  - Apply well in advance!
  - Advance approval of credit transfer is no guarantee that you will be admitted to the course!

- Schedule for elective courses:
  - watch out for collisions!
Fremdriftsreform ("study progress reform")

- If you follow the recommended program of study (30 ECTS per semester), take courses in the correct order (the Box Diagrams) and pass all courses at the ordinary exam or at the first scheduled re-exam then you need not worry about the study progress reform.
- If you fall behind or do not pass a course at the latest by the first reexamination then contact us for advice and guidance on your individual study program.
- If you ignore this advice and believe that “it will be fine", it may have serious consequences!
- If you do not pass minimum 45 ECTS per year or you do not complete your master's program within six months after the prescribed time you are automatically signed out of the study program / out of the university [http://studerende.au.dk/en/studies/subject-portals/computer-science/student-counselling/maximum-duration-and-active-enrolment/](http://studerende.au.dk/en/studies/subject-portals/computer-science/student-counselling/maximum-duration-and-active-enrolment/).
- If you fail an exam in an elective course, then that course has become **mandatory**! If you have made an erroneous choice of an elective course please contact us for guidance immediately!
The student counselor may help you

- Henrik Dalsgaard Henriksen

Possible topics:
- Change of study programme, delay, leave of absence, withdrawel.
- Illness.
- Study regulations, selecting supplementary subjects.
